**Eiki EIP-HDT30**

This Projector is compatible with Full HD signals, allowing high definition projection. If a computer is selected as a signal source, this projector automatically detects the signal format and tunes to a project a proper image.

**Useful Instructions:**

1. Press the “ON/STAND-BY” button on the remote control.

2. After the countdown, the input source that was last selected and the Lamp status icon appear on the screen.

3. The preparation display will disappear after 20 seconds.

**Common Issues:**

- The end of lamp life is approaching:
  - Let the Help Desk know that the lamp needs to be replaced.

- Remote Control doesn’t work:
  - Check the batteries.
  - Make sure no obstruction is between the projector and remote control.
